

R. D. BLACK SHOTS MARSHALL ROWLAND

Black Had Previously Slapped Young Brother of Rowland and Latter Remonstrated.

BURNING BRIDGE IN WAY

Governor Glenn Unable to Get Through to Raleigh as Soon as Expected.

RALEIGH, N. C., April 22.—Rowland D. Black, a young farmer, sixteen years old, was lodged in jail this morning for wounding Marshall Rowland, aged eighteen years, near McCollers, this county, a station on the Raleigh and Southport Railroad. The young man shot his brother, when Black, who was standing on top of a freight car, drew his revolver and fired upon him. One ball entered the boy's mouth and came out at the ear, and another took effect in the back, ranking down close by the spine, bringing about a total paralysis. Black claims that he shot in self-defense, but a number of witnesses say that the youth who was shot had only remonstrated with Black in a very quiet way about striking his little brother, and demanded an explanation.

Burning Bridge in Path. Governor Glenn was to have returned to the city this morning from a trip to Philadelphia, Baltimore, Washington and Richmond, but he telegraphed Mrs. Glenn that he could not get back until to-night, owing to the burning of the bridge on the Seaboard Air Line between Burgess and Dinwiddie, beyond Norfolk. He said he would return over the Southern by Danville. The bridge burned last night. It was a long bridge across a swamp. The North Carolina Corporation Commission paid into the State treasury this morning \$1,000 in penalties collected from the Seaboard Air Line and the Southern Railway Company, in suits for failure to properly bulletin trains. There were a number of violations of the order consolidated into one case each for the two roads. Lumberton, Gastonia, Greensboro and Raleigh were the principal points where the violations were charged. The suits were in Wake Superior Court.

S.S.S. HEALS OLD SORES

An old sore or ulcer is only a symptom, an outlet for the impurities and poisons which are in the blood, and as long as this vital fluid remains in this impure, contaminated state the place will never heal. The application of salves, washes, powders, etc., may cause the spot to scab over, but a fresh outpouring of diseased matter from the blood starts it again, and thus it goes on, gradually growing worse and slowly affecting the entire health of the sufferer. There are many ways in which the blood becomes contaminated and poisoned. A long spell of sickness breeds disease germs in the system, the failure of the eliminative members to remove the refuse and waste matter of the body, the excessive use of mineral medicines in certain diseases, all infect the blood with morbid matter and germs which sooner or later is manifested by a sore that refuses to heal. Persons with inherited blood taint are very apt to be afflicted with sores and ulcers. The taint may lie dormant during young, vigorous life, but when middle age is reached or passed and the natural energies begin to grow weaker, the tissues in some weak point break down and a chronic sore is formed and kept open by the constant drainage of impure matter from the blood. If the cause is not removed the sore will continue to grow worse by eating deeper into the flesh, festering, discharging, and slowly undermining the constitution. S. S. S. heals old sores by going down to the very bottom of the trouble, driving out the impurities and building up the entire circulation. When S. S. S. has removed the cause the blood becomes rich and healthy, the sore begins to heal, new flesh is formed, and soon the place is cured. Do not depend on external applications, which do not reach the blood, but begin the use of S. S. S. and remove of the cause, and then the sore must heal. COREA HEARS OF PEACE DEADLOCK

Warlike Factions in Central America May Appeal to Roosevelt.

WASHINGTON, D. C., April 22.—Advices received here to-day from Central America are to the effect that the peace negotiations which have been in progress for the past few days at Amapala have come to a deadlock, and it is feared that a renewal of hostilities is impending. The difficulty appears to lie in the Nicaraguan demand that Salvador shall be held responsible for what has occurred, which condition is not acceptable. Senator Corea, the Nicaraguan minister here, called at the State Department to-day to explain the Nicaraguan position, which in brief was as follows: "Nicaraguans feel that by her interference between Nicaragua and Honduras, Salvador has made herself liable for damages inflicted upon Nicaragua and financial expenses of some part of the war. As Salvador denied any such liability, Nicaragua, in order to avoid delaying the present negotiations for peace at Amapala, proposes that the question be submitted to President Roosevelt or to some person to be designated by him, as to whether or not Salvador is liable for pecuniary damages, and if so, to what amount."

BOWLERS AT BANQUET.

Local Organization Closes Season Auspiciously.

Any one having had the good fortune to have been invited to the banquet which was given last night at Stump's Cafe by the Richmond Bowling Association could not but have been greatly impressed with the firm footing which this ancient and honorable sport has obtained in this city in the past twelve months, or, in fact, in the past half-year. Last night's spread was the final closing of the first season of organized bowling that Richmond has ever known, and the officials and members of the league, from the president to the lowest score man, is to be congratulated on the strides that have been made in putting the capital of Virginia where it stands at present in the sport that Henry Irving helped to make famous in his "Rip Van Winkle." Of course, after the spread speeches were in order, and before the gathering broke up every one had been heard from, and the keynote of all remarks was the proposed and much discussed plan of Richmond's entry in the next American Bowling Congress, which holds its 100th convention and tournament at Cincinnati, Ohio.

After a short address by captains of the teams, O. C. Lohman, who holds the city record of 266 for high man in a competition game, and whose work as a member of the championship Olympia team aided materially in winning the trophy for that squad, was presented with a handsome gold medal, set with twenty-five diamonds, a present from his teammates in appreciation of his creditable work. Those who were present were: Homer L. Cooke, William Ebel, Frank Billey, Louis E. Bell, M. Branch Thorpe, John Krause, secretary; John Kolbe, Joseph Fischer, Fred Bane, Jake Rowsey, Charles E. Fairbank, O. E. Lohman, A. J. Kneff, R. D. Stahl, George E. Duebert, M. F. Goode, A. Sutterlin, W. H. Spilling, president; Sam W. Williams, Ed. G. Schumacher, John J. Anderson, W. P. Blair and Zack Woodall.

WILL NOT SEEK A CHANGE OF VENUE

Thaw Lawyers Deny That Second Trial May Be Transferred to Another County.

NEW YORK, April 22.—Clifford W. Harbridge, of counsel for Harry K. Thaw, said to-day that, so far as he knew, no movement was contemplated looking toward a change of venue in the Thaw trial at Binghamton. He expressed the opinion that Thaw's second trial, like the first, would be held in New York City. Mr. Harbridge interpreted the visit to Binghamton of Attorneys Delmas and McKee as a social call upon Superintendent Wagner, of the State Hospital there. Assistant District Attorney Garvan, who is temporarily directing the Thaw case, said he believed there was no foundation for the suggestion that Thaw would be tried at Binghamton. He explained that it was perfectly possible to try Thaw outside of New York City under an agreement to change the venue, but pointed out that to accomplish this it would be necessary to secure permissive order from a court in this city. He stated that if Thaw's attorneys were planning to change Thaw to the Binghamton jurisdiction, the arrangement was unknown to the District Attorney. William Travers Jerome stated to-night that he had no intention of either asking for or consenting to a change of venue for the next trial of Harry K. Thaw.

HENRICO NOTES.

Bible Stolen from Magistrate's Court—Koch Will Case.

After four days of hearing of witnesses and argument, the jury in the Henrico Circuit Court failed to agree as to the validity of the will of Mrs. Madeline Koch. When it was found that the jury was hopelessly divided, Judge Scott ordered the discharge. The value of the property sought to be conveyed by Mrs. Koch is about \$15,000. "Squire Myer S. Angle is said to be critically ill at her home, in Varina District. His physicians regard his case as most serious.

"Squire James T. Lewis is short a Bible. His friends about the courthouse are considering presenting him with a copy of the good book, and would undoubtedly do so, but are hesitating, making invidious distinctions or leaving it to be understood that he is more in need of a Bible than any other magistrate. The fact of the business is that somebody has stolen "Squire Lewis's Bible.

When the "Squire's court met yesterday there was no Bible. Nobody in the courthouse could furnish a copy, Judge Scott and Clerk Waddill keeping theirs at home for private use. The witnesses finally affirmed by raising their right hands, and the Henrico officers were sent on the trail of the missing book.

MOVE TO SECURE BETTER SERVICE

Citizens of Northside Will Meet To-Night to Discuss Street Car Facilities.

DESIRE SEVERAL CHANGES

Will Ask That Company Run Cars to Ninth Street and Back.

A mass-meeting of the citizens of Barton Heights, Brookland Park and Ginter Park was held to-night at the assembly hall of the public school building in Barton Heights. All persons residing in this district are urged to attend, special attention being called to the fact that ladies are expected as well as the gentlemen. Property holders in this section, whether residents or not, are also invited, as many matters of public interest will enter into the general discussion.

Arrangements will be made for vocal and instrumental music by the best talent in Barton Heights, and it is thought that besides the business transacted, the gathering will be a pleasant social event.

Among the matters that are expected to come up for discussion is the street car service for this large and growing district served by the First Street line. The subject was discussed informally at a meeting of the Barton Heights Citizens' Association last week, and the members expected that any action will be taken antagonistic to the street car company, since many improvements have been made in the service in the past few years.

The point for consideration, however, will be the great overcrowding of the cars during the rush hours, during which no particular provision is made by the company. Especially is this noticeable between 5 and 7 in the evening, when it is almost impossible to get standing-room on the cars.

It is probable also that the car company will be petitioned to have a curve at the First and Broad streets, and to run the First Street cars down Broad to Eighth, thence to Main, and up Ninth, and back up Broad to First.

Such a course would obviate the necessity of transferring and standing on street corners, unprotected in all kinds of weather, and the car would go through to the centre of the business district.

It is not known what position the receivers of the Passenger and Power Company will take in regard to these suggestions, but they give every assurance that the wishes of the citizens served by the First Street line, will be given careful consideration.

LINDSAY HOME BISHOP POTTER'S

Reported That Handsome Franklin-Street Residence Has Been Selected.

The private secretary of Bishop Henry C. Potter, of New York, was in Richmond a few days ago, inspecting a number of houses, in order to select a suitable place for the residence of the bishop during the session of the Episcopal Convention, though it has not been confirmed officially. It is understood that the home of Mr. R. H. Lindsey, the large colonial mansion at No. 600 West Franklin Street, facing Monroe Park, has been selected. The house is one of the most imposing in the section, and is very agreeably and centrally located for the purposes of the convention, being only a few blocks west of the Jefferson Hotel, which will be the headquarters. The price paid for the house during the month of October was not made public.

SPECIAL SERVICES

Will Be Held in Connection With Confederate Reunion Here.

A resolution was passed at the meeting of the city board of trustees of the city yesterday requesting all Presbyterian churches here to arrange special services for Sunday, June 23, in recognition of the gathering of the Confederate Reunion, which will be in the city at that time. It is probable that the other denominations will take similar action, and that special memorial services will be held in all the churches of the city while the old veterans are in Richmond.

THRILLING TALE ABOUT BLACK HAND

Persecuted Italian, in Court, Describes How Dynamite Destroyed His Home.

WILKESBARRE, PA., April 22.—More than a score of foreigners, charged with being members of the "Black Hand" and responsible for a large number of crimes in this vicinity, were placed on trial here to-day. Thirteen cases of shooting with attempt to kill, thirteen of conspiracy, six of dynamiting, and two of robbery by threats and menaces, are charged against the men, who are alleged to be the leaders of the "Black Hand."

The men who exposed the personnel of the society are Charles Salvatore and Joseph Ritz, of Brownstown. The persecution of these men began in the early part of last year, when a letter was slipped under their door demanding \$500, lest the Ritz family desired to be annihilated.

The taking of testimony was begun at the afternoon session. Several witnesses swore they received threatening letters demanding as high as \$500, and if the money was not paid their homes would be burned.

Charles Rizzo, one of the persecuted Italians, told a thrilling tale of how twenty-odd defendants, all alleged members of the "Black Hand," had dynamited his house at Pittston on the night of December 4, 1905, and tore off the porch. He identified Jesse

Cornell, Charles L. Luchina and Steve Lator, of the defendants, as being among the crowd that placed the dynamite under his porch and exploded it. He then told of how he and his brother had received letters from "Black Hand" members demanding \$500, threatening to kill them or blow up their home with dynamite a second time. He and his brothers paid no attention to the threats, but gave the names of their tormentors to the chief of police.

Soon thereafter their house was riddled with bullets and the alleged "Black Hand" conspirators were arrested.

The Commonwealth has thirty-four witnesses, and the trial will last for many days.

MOTHER OF THAW TELLS OF SUICIDE

No Scandal, but Victim Was Afflicted Wife of Minister—Old Story Revived.

PITTSBURGH, PA., April 22.—Mrs. Mary C. Thaw, mother of Harry K. Thaw, to-night asked the Associated Press to give to the public the facts concerning a suicide at her home here eight years ago, which she asserts some newspapers have distorted and elaborated upon. Mrs. Thaw in her statement says:

"In the eighteen years during which I occupied Lyndhurst, it is safe to say that the number of ministers and their families for whom I was a stopping place, reached many scores. Among these was the wife of a former assistant to the pastor of the Third Presbyterian Church, of which I and my family are members. After her husband had resigned from that position they both engaged in teaching in a seminary in the central part of Pennsylvania. Later I heard that the wife had become an invalid, suffering from nervous prostration, with the loss of her child. When I heard that the husband had received a call from a church in Kentucky I invited the invalid wife to visit me at Lyndhurst while preparing for leaving the old home and settling in the new were under way, believing that the change of scene, rest and my care and careful nursing would be beneficial.

"I returned from an afternoon reception one day and, not finding her in the nursery, I sent a maid to her room, who reported that the door of the bathroom was locked and she could get no answer. This alarmed us, and I ordered the gardener to enter by a window, when the startling discovery was made that the poor woman had ended her life in the manner described in the highly-colored account given in one Pittsburgh and some of the Eastern newspapers. The family physician was immediately sent for. The husband was telegraphed to. The pastor of the Third Presbyterian Church, of which I am a member, and he very kindly offered to accompany the remains to Kentucky and conduct the funeral services. The doctor's arrival said that it would be necessary to have the coroner. The coroner was sent for, and all the usual formalities attended to. I am sure that all useless verbiage, these are the facts in the case."

MAY SEEK NEW PLACE FOR NEXT THAW TRIAL

BINGHAMTON, N. Y., April 22.—Attorneys Delphin M. Delmas and W. H. McKee, of the counsel for Harry K. Thaw, are in the city, the guests of Dr. Charles G. Wagner, Superintendent of the State Hospital, who was a prominent witness for the defense in the Thaw trial. It is believed that Delmas's coming is a preliminary step to bring Thaw here for a second trial. The attorneys had a conference with Justice George F. Lyon while here.

SECRETARY TAFT BACK FROM CUBA

WASHINGTON, April 22.—Secretary of War Taft and party arrived at the Washington Navy-Yard on board the Mayflower to-night after an absence of exactly a month on a trip that included Panama, Cuba and Porto Rico. The Secretary and Mrs. Taft were immediately driven to their residence, Former Governor of Porto Rico, Rickman Winthrop and Mrs. Winthrop were guests of the Secretary on the return trip. The others in the party included Representatives Burton, of Ohio, Davidson, of Maryland, and Monday night will discuss the Panama Canal before the Cincinnati Business Men's Club, returning to Washington by the following Wednesday.

He said he had nothing to say on politics. He stated that in Panama the engineers reported to him that the foundation for the sites for the locks were entirely satisfactory.

That there is every ground for hope that the plan adopted for a census, preliminary election, and then a general election six months later, will result in the selection of a president and congress who will be able to maintain themselves and give a stable rule to the island, and that the delay in taking a census is taken by the Cubans as an earnest of the American government's desire to secure a stable government before it leaves, so there shall be no room for a second intervention.

He says that next Friday he will go to Cincinnati to attend a Yale club meeting, will then address the Dayton (Ohio) Y. M. C. A. and on Monday night will discuss the Panama Canal before the Cincinnati Business Men's Club, returning to Washington by the following Wednesday.
